

President's Podium

One of our first goals on the balanced scorecard for KCIFMA is having 5 mentorships in place by the end of the year. I have been fortunate to be both a mentor and a mentee. Both allowed me to grow professionally and personally.

My company fully supports volunteering and provides matching gifts to organizations that the employees are passionate about. The mission of the organization I volunteered to be a mentor with is to help support personnel leaving the service. Little did I know I would be asked to mentor a Lt. Commander leaving the Navy. The match was not perfect, but each time I spoke with my mentee, I had a feeling of accomplishing something for the greater good.

What our chapter needs now are individuals willing to mentor some of the less senior members and junior members that would like someone to mentor them. I for one would benefit from having a mentor even today, so let me be the first to volunteer to be a mentee. Anyone else that would like to volunteer to be either a mentor or a mentee, please contact me and we will set you up. I see this as a small step to help the chapter grow, so take advantage of it.
