

Annual Membership Dues Key Benefit & Member Impact

ANNUAL DUES

Key Benefits:

As of July 1st, 2017, we have a new integrated dues structure which combines chapter membership dues PLUS admittance to all 10 annual program meetings. Key benefits of the new structure also include:

- Fewer Expense Reports: One expense report for annual dues and all 10 Chapter Program Meetings. International Membership Dues remain unchanged and are paid at the same time.
- Overall Cost Savings: Members and Associates who attend most or all Program Meetings save up to 50% compared to the current dues structure.
- Streamlined Program Registration: Online RSVPs for monthly Program Meetings is still required, but Program Meetings are free of charge.

Member Impact:

IFMA Kansas City is committed to supporting our Members with certification assistance, scholarships, access to education, career services and networking opportunities. Associates are also a vital part of our organization that is invited to participate in all events, increase their exposure through sponsorships and gains exclusive access to top Facility Managers in Kansas City, the United States, and even the world.

Comparison of Integrated Dues Structure	
VS	
Current structure: \$106 Chapter Dues + 10 Programs @ \$30.00 each	
\$206	Saved by Professionals attending all 10 annual Program Meetings
\$141	Saved by Associates attending all 10 annual Program Meetings
\$94	Effective increase for Professional Members not attending any Program Meetings
