# We Have a New Committee!

2020 threw us all a lot of punches. As an organization, ifmaKC has managed to duck, pivot and innovate to continue to serve our members. Out of this constantly fluid state, the **Education Committee has been launched!** And who better to chair it than our own **Teena Shouse!**

This brilliant, talented and generous woman has come out of board retirement to launch this exciting committee! If you are interested in serving on the committee with her, please email [education@ifmakc.org](mailto:education@ifmakc.org)

Here is her special message directly to you:

Greetings ifmaKC Chapter Members!

Well...I am back officially after several years of not holding an office within the Board of Directors, Brittany Gamble convinced me to come back and take on the position of Education Chair. I am excited to do so and look forward to working with many of you. What I also look forward to is creating a strategy around what should Education for the KC IFMA Chapter look like, what do people really want/need and how do we get there. Our first initiative is the Thriving versus Surviving Series. This will be a series of suggested podcasts which you may access at your leisure and then on January 26th we will have a panel discussion composed of both Professional and Associate members sharing their successes with certain products, services, process changes or other supportive efforts. If you have a success story you would like to share please let me know that you would like to contribute to the discussion. Also, I would welcome ideas or volunteers to build the Education Program. Please contact me and we will discuss your intentions. Let's work together to make 2021 all that it can be!

Take care,  
Teena
