Good morning ifmaKC!!

I hope all of the attendees enjoyed our last monthly program on April 20th. Nice work Emerging

Professionals Committee!!! The next one, What Are You Doing To Reduce Your Carbon Footprint? A Series On Sustainability, is going to be great and I can't wait.

We are all still dealing/coping with how Covid-19 has touched our lives. It does not matter if it's our kids and if the school is providing enough academic resources, our jobs/job security or vaccinations and the list goes on and on. We must keep chugging along and persevere. That's what FMs do!! The person who most exemplifies perseverance is Abraham Lincoln.

Most of us know of this great man because of what he did for our country. The Emancipation Proclamation which led to the abolition of slavery was a massive accomplishment. However, what most Americans do not realize about Abraham Lincoln, is that he has one of the most impressive rap sheets when it comes to overcoming defeat. In short, he has a list of failures and setbacks so sizable, that you would hardly think it belonged to one of the greatest presidents of the United States of America.

Here is a list of the many failures Lincoln endured, with a few victories he managed to sprinkle in over his lifetime:

- 1832: Lost his job
- 1832: Defeated for legislature
- 1833: Failed in business
- 1834: Elected to legislature
- 1835: The woman he loved died
- 1836: Had a nervous breakdown
- 1838: Defeated for Speaker
- 1843: Defeated for nomination for Congress
- 1848: Lost re-nomination
- 1849: Reject for Land Officer
- 1854: Defeated for Senate
- 1856: Defeated for nomination for Vice-President
- 1858: Again defeated for Senate
- 1860: Elected for President of The United States of America

To be sure, Lincoln failed his way to success, and his recorded failures helps us realize the truth behind the famous Michael Jordan quote, "The key to success is through failure."

Best,
Tod Hueser, Chapter President
