Why it's important: When you upgrade to energy-efficient technology, you'll see benefits year after year in the form of a lower energy bill, reduced maintenance costs, and greater reliability and comfort.

Better yet, Evergy's incentives reduce the up-front cost of upgrading.

It's a win-win! Save money NOW; Save money LATER.

We will not however, let this be the end of fun! Our Programs committee is working very hard with our Board to come up with something fun, unique and engaging to help chase the COVID blues away.
