9:00am-10:00am

Learn how Energizer's Business Energy Savings Program can help save energy + money with their expanded program incentives

Energizer's Business Energy Savings Program is an incentive program designed to help Missouri businesses save energy and money by becoming more energy efficient. The recently-expanded program incentivizes Standard and Custom upgrades,

New Construction, and - new for this cycle: Retro-Commissioning. Bottom line: if it saves energy, chances are good it qualifies for an incentive.

Good morning KC IFMA!! My name is Tod Hueser and I am the new Chapter President. I'm excited to lead our chapter for 2020-21. I'm lucky to have AWESOME support in the form of the Board of Directors and the many volunteers who furnish their time to our chapter selflessly. And we have you. The members of our chapter: You are the reason the Board works so hard. We want you to have the latest industry news, updates from IFMA HQ, opportunities to further your career, opportunities for finding a new job, opportunities to network, and the list goes on. We are here for you. And it's especially critical now.

I'll be the first one to say it in our Monday Morning Memo. 2020 sucks. I can't wait for 2021; I'm sure you will agree. However, of course, there are many bright spots. Let's not forget that our KC Chiefs won Super Bowl LIV, I am finally employed after being

Why it's important: When you upgrade to energy-efficient technology, you'll see benefits year after year in the form of a lower energy bill, reduced maintenance costs, and greater reliability and comfort.

Better yet, Evergy's incentives reduce the up-front cost of upgrading.

It's a win-win! Save money NOW; Save money LATER.

laid off in January and we dropped off our daughter at college a week ago (we'll see how long that lasts?!). I know she's excited. I'm hopeful and hope is one thing that I can count on. I encourage you to find and harness the silver linings in your personal, spiritual and professional lives. 2020 isn't over yet and KC IFMA is still here for you.

A few things, among many, that our chapter is working on currently is our brand spanking new Membership Appreciation efforts. There are some opportunities for golf (TopGolf) and socially distanced networking. I'm super psyched! If you would like to volunteer or learn more about the program, please send us a note at: programs@ifmakc.org. Our Programs Committee is working tirelessly to bring you the finest remote learning in the region. Fun and fascinating, they will all you to obtain credits for continuing education. I look forward to the programs every month. Our Membership Committee is working their tails off to keep you informed and engaged. A big "high five" to our volunteers.

If you have a knack for leadership and wish to be more involved, our chapter is looking for committee chair positions for our Scholarship, Careers and Sponsorship committees. Shoot me a note at president@ifmakc.org if you want information.

Cheers! Stay healthy and safe,
Tod Hueser
ifmaKC President

We Appreciate You!

New Membership Committee
Announcement!

On our virtual Happy Hour last week, we had the pleasure of making a big announcement!

We are totally stoked to introduce our **newest committee....Membership Appreciation!** That's right, we created an entire committee just to shower you with love and adoration!

Ashleigh McReynolds from HL Restoration will be heading up this new group, and does she have some AMAZING PRIZES for you! We will be sharing more information about these prizes in the weeks to come, so be sure to pay attention!

If you'd like to join this committee, please reach out to membership@ifmakc.org
