International Facility Management Association

KANSAS CITY CHAPTER

Important information about upcoming change in Associate membership dues!

Dear Associate Members,

As of **July 1st**, the Kansas City Chapter will be adjusting how Associate members join and renew their membership. The new process will allow for Associates to be awarded \$150.00 for any Professional member they recruit. While Associate's annual dues will be going up, these rebates will allow Associates to actually reduce their fees by bringing in Professional members. This change will allow us to keep rates competitive while encouraging the addition of Professional members. Our rates still remain one of the best values in the industry.

The current Associate dues are **\$504.00**, and the new rate will be **\$695.00** annually.

There are two ways to avoid any increase:

1. Renew your membership before **July 1st, 2023**, when the new rate takes effect.
2. Recruit Professional members and get **\$150.00 per Professional** member. (Professionals must join the Chapter prior to award of rebate.)

These options are a Win/Win for both the Associate and Chapter.

To really take advantage, an Associate member can renew early and bring in Professional members, too. Recruiting Professional members can be completed through at least July 2024. Please take advantage of these ways to save and help the ifmaKC Chapter at the same time.

This month, the Chapter is forming a new Associate centric committee, the Associate Relations & Sponsorship Committee. **The**

purpose of this committee is to be sure the important voices of our Associate members are heard; needs are met and to think of ways to **bring increased value to Associate membership**. If interested in joining, please contact info@ifmaKC.org. You don't have to be an Associate to join.

Associates, your membership is very much appreciated. We couldn't be successful without you!

Thanks,
ifmaKC Chapter Board
